Isle of Dogs

101min

The latest from quirky filmmaker Wes Anderson takes us to a dystopian future Japan where, by executive decree, all the canine pets of Megasaki City are exiled to a vast garbage-dump called Trash Island. 12-year-old Atari sets off alone in a miniature Junior-Turbo Prop and flies across the river in search of his bodyguard-dog, Spots. There, with the assistance of a pack of newly-found mongrel friends, he begins an epic journey that will decide the fate and future of the entire Prefecture.

The Death of Stalin

107min

The one-liners fly as fast as political fortunes fall in this uproarious, wickedly irreverent satire from Armando Iannucci (Veep, In the Loop). Moscow, 1953: when tyrannical dictator Joseph Stalin drops dead, his parasitic cronies square off in a frantic power struggle to be the next Soviet leader. Among the contenders are the dweeby Georgy Malenkov (Jeffrey Tambor), the wily Nikita Khrushchev (Steve Buscemi), and the sadistic secret police chief Lavrentiy Beria (Simon Russell Beale).
